

## **LEGAL AWARENESS CAMPAIGN AND POSTER DRIVE (I)**

**19th October, 2022 at Amingaon village, Guwahati**

In furtherance of the objective of creating legal awareness among the local people, a meeting of the faculty members and student-volunteers was held and it was decided that the nearby local areas should be visited by the students and teachers, and the people must be informed about the matters in respect of which they may approach the Legal Aid Clinic and how we may be helpful to them. It was also suggested by the teachers that posters containing the information of the Legal Aid Clinic may also be affixed at the conspicuous places of the locality.

Accordingly a poster was designed by Ms. Monmi Gohain (Asstt. Prof.) and multiple copies thereof were printed. On October 19, 2022, we paid the first visit to the village. We started at 04:00 PM and visited the nearby localities like Kadamtal, Mariapatti, and areas near Amingaon Post Office and the IIT Guwahati. We affixed the posters at shops, eateries, post-office and other prime places with due permission of the concerned persons. We also interacted with the local people and told them about the Legal Aid Clinic. Few of them shared their legal problems with us. In the interaction, the teachers and students knowing Assamese language proved to be very helpful. They motivated the people to come to the Clinic to get free legal advice on any legal issue. Our team received warm response from the people. Many people showed their willingness to come to the Legal Aid Clinic. They admired our efforts in creating legal awareness and helping the people to access justice.

In this visit Ms. Monmi Gohain and Dr. Kailash Jeenger (teachers) and Dristi Kakoty, Priyanka Singh, Supreeti Singh, Bellona Brahma, Dhuli Biswasi and Shabi Sonar (students) participated.

The drive concluded at 05:30 in the evening.
