Message from the Vice Chancellor's Desk

National Law University and Judicial Academy (NLUJA), Assam, was established in 2009 by the Government of Assam, through the *National Law School and Judicial Academy, Assam Act, 2009*. *NLUJA*, Assam is the first NLU to have been established in North East India and is steadily burgeoning as one of the best law schools in the country. In more than a decade of its nascent journey, NLUJA, Assam has endeavoured to scale the heights of academic excellence and successfully earned its metier among the top law universities of the country. The University features acclaimed law institutes of the country. Apart from this, the University has gained credence for its leading-edge pedagogy in imparting legal education.

In order to animate the learning experience of the students, the university has supplemented its teaching-learning system with contemporary ICT tools and techniques such as A-View, Text to Speech Reader, Book reading Software, e-Mooting facility, amongst other interactive tools. The course curriculum is refurbished intermittently with the view to imbibing the latest developments of the domain. The University Research Centres provide ample opportunities to the student fraternity to explore a varied range of research areas and cultivate their knack for academic inquiry. The University concertedly focuses on academic rigour and ingenious research in order to hone the skills and aptitude of its students. Apart from the focus on curricular activities, the University endeavours to acuminare the students professionally by encouraging their participation in moot court exercises, debates, mock trials, workshops, seminars.

In cognizance of the fact that mere academic accomplishment sans social empathy, hampers the development of human personality, the University endeavours to inculcate social responsibility and respect for civic duties in students by facilitating their engagement in legal-aid activities and community outreach programmes.

It gives me immense pleasure to present to you the Batch of 2024. It is the 9th batch of graduates from our vibrant University. It has been a privilege to have mentored such zestful, aspirational, and diligent students. Each one of them is duly groomed and judiciously equipped to tackle the challenges that lie ahead. This batch has persevered in the face of adversity with courage, optimism and character. The academic and extramural explorations of the students have not only facilitated their academic achievements but also brought about admirable personal development in the same.

In order to effectuate the transmission of classroom learning into praxis, the University has supported the students to undertake internship programmes. Their internship experiences are reflective of the students' milieu and diverse fields of interests. The exposure through these internships not only provides them with an opportunity to expand the vista of their academic engagement but also navigate the practical dynamics of the workplace. Thus capacitated, the students are ready in every respect to contribute professionally to the growth of the institutions/organization they are to serve in future.

As the head of the Institution, I invite you to NLUJA, Assam to interact with the students, assess their potential and provide them with an opportunity to work with your esteemed organization. I am confident that the students of NLUJA, Assam, will prove to be indispensable assets to your organizations. I take this opportunity to express my gratitude for your support to the University and I am sure that our relations will strengthen, with each passing year.
