1 November 2023

The National Law University and Judicial Academy, Assam along with its Centre for Clinical Legal Education and Legal Aid Cell is observing the Vigilance Awareness Week from 30 October to 5 November 2023. The observance of the week aims at spreading awareness among the masses about the prevailing corruption and the need to eradicate it. In this connection, the Legal Aid Cell conducted an awareness campaign on Wednesday in Amingaon, near Hajo Chowk.

The campaign was conducted by the volunteers of the Legal Aid Cell under the supervision of Dr. Kailash Jeenger, Member of the Cell. The location decided for the conduct of the campaign was Hajo Chowk Tiniali and vegetable market, Amingaon because of presence of greater number of people and convenience of interacting with people.

For the purpose of campaign, we used a banner so that anybody can read and understand the message. In this campaign, the team of volunteers conducted a rally in the designated areas. They interacted with the people who were interested to know about our endeavor. The volunteers who were conversant with Assamese language motivated people to come forward to combat the menace of corruption.
