The University anthem has been composed in Assamese. For the consumption of the cosmopolitan audience a precis of the same is provided below.

The anthem wraps in its melody the inviolable values that the university enshrines. The university conduces the confluence of legal knowledge and judicial integrity and therefore stands an epitome of legal sapience. The ideals extolled by the university condition its students to rise as prudent architects of healthy and virile society.

In the expressions of the poet, on account of its momentous endeavour towards strengthening the society this university stands unparalleled and peerless. This university radiates the light of knowledge, embodying as it were, within itself the indelible ideals of justice and legal prudence. This effulgence, emanating out of the alcoves of the university, bespeak/resound the ascendance of law and justice in the society.

As articulated by the bard...the coveted goal of this university is to promulgate legal knowledge in order to ensure that justice prevails over the society. In concurrence with its avowed principles, the university is earnestly engaged in pursuit of legal knowledge and research which would facilitate dissemination of legal knowledge in every nook and cranny of the society. The anthem affirms that this university stands unequalled - unrivalled in its intent to shape its students as committed citizens who would lend their unflinching support to create a strong society a strong nation.

Study on Implementation of the POCSO Act in Assam (ongoing)

7 years have passed from the day of enforcement of the POCSO Act in 2012. The idea behind this progressive piece of legislation was to create a separate structure and system within the existing framework of the Judicial Setup in order to provide special assistance to children who are victim of sexual abuse. Various child friendly processes and approaches were introduced to ensure that there is no re-victimization of a child in the complete process of seeking justice. A lot of impetus was also given in with respect to the time frame within which a case has to be reported, investigated and judicial pronouncement should be done.

Centre for Child Rights has undertaken a short study on critical provisos of the POCSO Act and understand where we stand with respect to the implementation of those provisions in functionality and in principle. The study will be an advocacy tool for bringing about necessary changes within the system id required and will also capture best practices. The key areas the study will focus on are:

- a. Recording of Statement as per the requirements of Section 26
- b. Whether Child Friendly Atmosphere is available and maintained in the Court Room as per Section 33 (4)
- c. Whether a victim is called upon to repeatedly testify in the court, contrary to the proviso of Section 33 (5)
- d. Recording of Evidence of within a period of 30 days after taking cognizance as mandated under Section 35 (1)
- e. Completion of Trail within One Year from the date of taking cognizance as mandated under Section 35 (2)
- f. Practice of granting compensation as per Section 33 (8)

- g. Whether investigation is completed within 2 months from the date of receiving information for the cases registered under Section 4 (penetrative sexual assault) and 6 (aggravated penetrative sexual assault) of the POCSO Act
- h. Whether trial in cases of Penetrative Sexual Assault (Section 4) and Aggravated Penetrative Sexual Assault (Section 6) is completed within 2 months from the date of receiving charge-sheet.(Section 309 CrPC)
