

LEGAL AWARENESS CAMPAIGN AND POSTER DRIVE (II)

20th October, 2022 at Amingaon village, Guwahati

It was the second day of our campaign. Today our team was completely new and we had identified the locations for today's campaign in advance.

The first location was Container Corporation of India and nearby localities. With the permission of the guards of the Corporation we affixed the Legal Aid Clinic's poster and told them about the assistance we provide. Similarly, we met people living nearby and shop-proprietors and explained them how we can be helpful to them in their legal matters.

Then we went to the Lachit Garh Gram Panchayat. At that time, though the head of the Panchayat was not there but the two employees were available there. We interacted with them and explained the functions of the Clinic. We also talked about the possibilities of organising a legal awareness program for the villagers, in collaboration with the Panchayat. The staff appeared to be very cooperative and promised to provide us every possible assistance in conducting the program.

The next location was Amingaon Police Station. We met the Police Officers present there. They appreciated our efforts. They allowed us to affix the poster outside the Police Station. The teachers interacted with the shopkeepers in the vicinity and told them the services we offer at the Clinic.

Then we went to Hajo Chowk. The students affixed the posters at some of the shops and explained the people present there how we may be helpful to them in their legal disputes. After having tea and snacks we returned to the Campus at 06:00 PM. In this visit, Dr. Kailash Jeenger and Dr. Shailendra (teachers) and Chinmoy Saikia, Saranga Kaushik Phukon, Abhigyan Singh Chowdhury, Bellona Brahma and Pratyasha Saikia (students) participated.
