**Door-to-Door Awareness Drive**

**23<sup>rd</sup> October, 2025**

On 23<sup>rd</sup> October 2025, the Centre for Clinical Legal Education and Legal Aid Cell (CCLELAC) organised a Door-to-Door Legal Awareness Drive to make the inhabitants of the nearby areas aware about the Legal Aid Cell of the National Law University and how the Cell can be helpful to them. The Drive was conducted in the residential areas near the University, in the village of Amingaon, between 3.30 to 4.30 PM.

Our team of volunteers accompanied by Dr. Kailash Jeenger visited to the households and met the residents. We explained them about the work of the Legal Aid Cell and the availability of services at the Cell. We responded to their queries regarding the timing of the Cell and the type of assistance we may provide to them. They were glad to see us approaching them door-to-door. Some of them appeared to be familiar with the functioning of the Cell in the University. We affixed posters containing the details of the Cell near shops and other areas with the consent of the concerned persons.

The volunteers also had a learning experience. They interacted with the people and tried to convince them about the assistance the Cell may extend to them.
