Faculty Development Program on Action Research/Field Research

About The University:

National Law University and Judicial Academy, Assam was established by the Government of Assam by way of the enactment of the National Law University and Judicial Academy, Assam Act, 2009 (Assam Act No. XXV of 2009). The Hon'ble Chief Justice of the Gauhati High Court is the Chancellor of the University. NLUJAA promotes and makes available modern legal education and research facilities to its students, scholars, and faculty drawn from across the country, including the North East, hailing from different socio-economic, ethnic, religious, and cultural backgrounds.

Introduction: The current academic environment require rigorous research in order to be cop-up with international as well as national academic standard. When it comes to research project funded by different agencies, number of professionals lack basis of know how to conduct action research. This FDP intended to give clear idea about proposal writing for action research budgeting timeline tools for gathering information /data from filed and its interpretation. Further it's require report writing thus this FDP is intended to introduce basis of Action Research.

Objectives: The FDP is intended to give basis of field research /action research to percipient so that they can independently prepare proposal and conduct to complete research project independently so that not only institutions but also society at large kind be benefited along with such researcher. The Action research provide solid basics for recongnization for professional by academia and industry.

Why Action Research in law is Important

Traditional research that just describes a problem and solution based on literature. However, action research aims to provide solution based on what stack holder actually require. Further, it allows to test how a specific law or procedure works in reality, identify bottlenecks, and

implement immediate improvements. Action research is often used to help to review outcome of specific policy or law implementation and its outcome and how it can be improvised and what are the root problem which blocks expected out come by the government or agency. Now days, it required even more where NAAC or NIRF ranking also take an account for research grant, research fund. When it comes to academia, action research not only provide API score but also recognition to the intuition and to researcher
